This paper is being submitted following the Interview Summary mailed on October 18, 2005.

On October 13, 2005, the undersigned had a telephonic interview with Examiner Butler regarding claims 5, 15-25, 31 and 36-40. The participants discussed distinctions between the claims and Kikinis (U.S. Patent No. 5,502,838). The examiner stated that the amendments filed on September 23, 2005 appeared to overcome the rejections based on Kikinis and that he would have to perform a new search based on the newly amended claims.
